"WILSON WHISKY." PRODUCT OF THE WILSON DISTILLERY, HIGHSPIRE, DAUPHIN CO., PA.

This celebrated Whisky, most carefully and slowly reasted, mashed, fermented and distilled from the mvaluable health-giving Chalybeate waters and choice small grain Rye peculiar to the renowned mountain districts of Pennsylvania and Maryland, and ripened in heated ware houses, sea-voyaged and aged in the warm sait air of Bermuda. The oxides of iron and their homologous salts found in the waters from which this Whisky is distilled render this Whisky invaluable and unequaled as a tonic and rejuvenator to those in need of strength, vitality and vigor See certificate of Prof. Tonry of the Baltimore Med-

As a Building Association the "Perpetual" is without a rival in the showing it has made and the financial success it has achieved in proportion to the business done. This spiendid showing has not been gained at the expense of those who have taken advances from the Association. It will take less money to repay an advance of \$1,000 in this Association than in any other in the city of Washington. So the prosperity of the Association has not been built up by oppressing the borrowers with large percentages of interest on the advances taken. The secret of our splendid showing is entirely owing to economy in management, in keeping down the expenses, thus reserving the profits for distribution to the members. We have several hundred shares of our first series maturing in the month of March and succeeding months. These shares will be redeemed with a profit of 12 per cent per annum. On shares withdrawn before maturity we pay 5 per cent per annum. We pay 6 per cent per annum on special payments of \$100 or more, interest payable monthly if desired. We advance \$150 on each share, payment \$2 monthly; \$1,050 on 7 shares, payment \$14 monthly, running 100 months. This period of 100 months can be shortened by paying larger monthly dues; thus \$15 monthly to 91 months; \$16 to 83 months, and so on. Our methods of business are extremely liberal and elastic, making it convenient for everybody to deal with us. For instance: No fines are enforced for non-payment of dues, except from those who have borrowed money; from those we expect prompt payments. Shares can be taken at any time and no back dues required. We are issuing huntreds of new shares every month. Our next meeting on WEDNESDAY EVENING, February 5, at 615 7th street.

Hundreds are turned away weekly for lack of 100m, and the police have warned the directors against allowing the hall to be crowded as heretofore. Let this first week in February be a week of supplication and prayer that God may give the city a permanent home of sufficient capacity for its mission work. eighteen elected democrats. No rules." CHICAGO, Feb. 1.-The Herald this morning says: "Every intelligent citizen understands that the object of the republican members in keeping the House without rules for the last sixty days and of Speaker Reed in ignoring one of the best settled principles of parliamentary law is an unconscientious one. What they contemplate is the unseating of seventeen legally and honestly elected democratic members and

then the plundering of the Treasury." The Tribune says: "Speaker Reed says that the majority must rule. On that naked issue the republicans can safely appeal to the people and ask from them the control of the next House of Representatives."
